Slide 2

Before we get started, I want to let you know this is a business and as with any business, if you do nothing you will earn nothing, and ACN cannot guarantee your results.

With that, let me introduce you to ACN. (CLICK)

Slide 3A

ACN was founded in 1993, and today we do business all across the US & Canada. (CLICK)

Slide 3B

In our 30+ year history, we've helped millions of customers with our services and have generated billions of dollars in revenue. (CLICK)

Slide 3C

ACN has an A+ rating with the Better Business Bureau and was recognized as one of the fastest growing companies in the Inc 500. (CLICK)

Slide 3D

ACN also has a strong tradition of giving back. Through our partnership with Project Feeding kids, a child is fed every time a customer is acquired. And ACN is also a proud supporter of the local Ronald McDonald House Charities

Taking Advantage of
DEREGULATION & INDUSTRY DISRUPTION

1984 <i>Long Distance Deregulated</i>  <i>Breaking up AT&T's monopoly in 1984 opened long distance to competitors, driving prices down and sparking a wave of telecom innovation.</i>	1990s – 2000s <i>Energy Deregulated</i>  <i>Deregulating the energy industry broke up state-sanctioned utility monopolies and opened electricity generation to market competition, giving consumers more choice in providers while reshaping pricing.</i>	1996 <i>Mobile Phone Service Deregulated</i>  <i>The breakup of AT&T and later opening of wireless spectrum to competition transformed mobile phones from a luxury controlled by a few carriers into an affordable mass-market industry.</i>
--	--	--

Since the 80s numerous industries have been deregulated, beginning with long distance.

Deregulation causes disruption, which in turn creates an opportunity for others break into that market.

So, in 1993 when ACN got started, they took advantage of industry disruption to create opportunity for all us in the form of residual income. (CLICK)

RESIDUAL INCOME

residual income
noun
re-sid-u-al in-come | \ ri-'zi-jə-wəl 'in-,kəm \

Definition:
Money you continue to earn month after month from something you did one time.

Example:
"Writing and recording a hit song that keeps selling each month is a form of residual income—you did the work once, but the money keeps coming in."

When residual income is part of your financial portfolio, you continue to earn month after month on something you did only one time.

In fact, Residual income is the kind of income that the wealthiest people in the world use to leverage themselves so they can build wealth.

Here's what that looks like with ACN (CLICK)

Slide 6

You have the opportunity to earn income monthly on the services that people use in their home and business every day and pay for every month.

Services like Mobile phones, Energy, Healthcare, TV, Internet and more.

Services we can't live without.

So, let's take a look at those services and also take a peek into what's coming later in 2026 as ACN continues to grow and expand its' suite of services. (CLICK)

Slide 7

Flash Mobile is ACN's signature mobile phone service - if you are like most people, you don't leave home without your phone and our lives are continually more dependent on our devices. (CLICK)

ID Theft protection with IDSeal, to keep your online life, financial life, social media and family protected from fraud on the dark web and beyond. (CLICK)

What would our lives be like without energy? We unconsciously use it every day and XOOM energy is always there when we need it! (CLICK)

With Impact Health Sharing we are helping people save on average \$500/month on their current premium while lowering their deductible and offering a higher level of service. (CLICK)

When it comes to home security and automation, ACN has partnered with the Gold standard in the industry. You can guard your home while you sleep and while you are away and keep your home & family safe 24/7 with Vivint Home Security and Automation. (CLICK)

Slide 7 cont.

AT&T and Direct TV - two household names are long-time partners with ACN for two must-have services in every home today - Internet and TV. (CLICK)

ACN also provides services for businesses. In addition to Internet, TV, Energy, Healthcare, and Security and Automation, through our partner NMI, ACN payment processing services give you the opportunity to earn each time a credit or debit card is swiped or tapped at a business. (CLICK)

And coming in 2026, the opportunity to earn through Fintech (CLICK) - Financial Technology

*For Customers, DingoBlu offers exactly what everyone wants.
More Interest - Less Fees!*

For you, you get more interest and less fees PLUS you can get paid on deposits, balances, Debit and CC transactions, taps & swipes.

Plus, future expansion is already built in! Investing, Loans, Mortgages, Family Planning, Home & Auto Loans, Crypto Wallets and more,

Now that you understand our services, let's get into how ACN goes to market and how you can earn with ACN (CLICK)

Slide 11

Most service providers create online ads, radio ads, tv ads, and pay high priced celebrities to promote their product in hope of getting customers.

ACN uses the most effective form of advertising there is - Word - Of - Mouth

A friend telling a friend. (CLICK)

So rather than paying for high priced ads or celebrities, ACN inserts YOU into the equation.

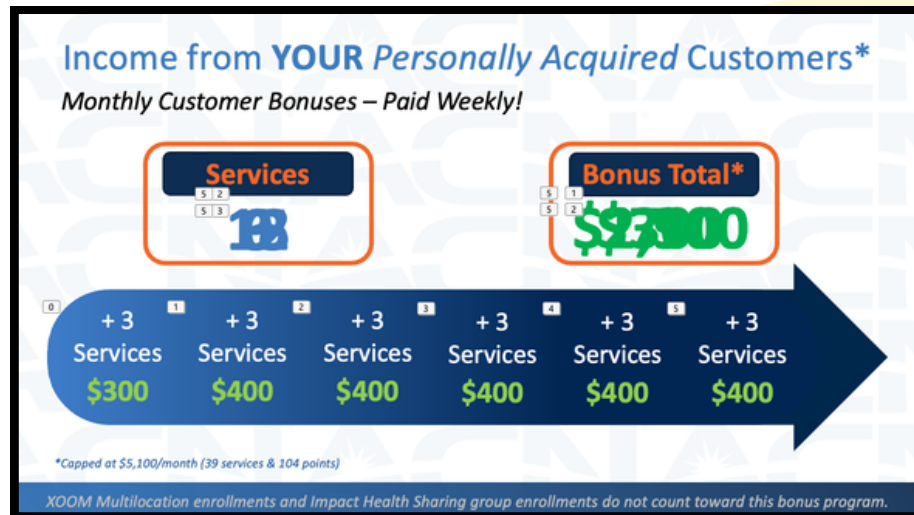

When you bring customers to ACN, giving them more choices, ACN pays you! (CLICK)

Slide 12

**4 WAYS
TO
EARN!**

There are 4 ways to earn with ACN (CLICK)

Slide 13

The first way you can earn, is with up-front bonuses
When you enroll just 3 services in your first 30 days. ACN will send you a \$300 Bonus!

Enroll more services and you can earn more bonuses.
When you enroll just 3 more services in your first 30 days (CLICK) ACN will send you an additional \$400 bonus for a total of \$700.

(CLICK a total of 4 times as you say the next sentence) - And each time you enroll 3 more services in your first 30 days, ACN will send you an additional \$400 bonus, as you maximize the monthly customer bonus compensation. (CLICK)

Slide 14

The second way ACN compensates you is through monthly residual income you earn when your personal customers pay their bills.

You begin by earning 3% on the commissionable revenue on the first customers you enroll. (CLICK)

As you enroll more customers the percentage you earn also increases.

Once you have enrolled enough customers you will earn monthly residual income as much as 20% on the commissionable revenue from all your personal customers.

Now, what if you showed other people how they can get paid to do the same thing - and you built a team? (CLICK)

Slide 15

"I'd rather have 1% of the effort of 100 people than 100% of my own effort."

J. Paul Getty

JP Getty said it best, "I'd rather have 1% of the effort of 100 people than 100% of my own effort."

This business isn't about you going out and getting 1000's of customers yourself. It's about getting a handful of customers and teaching others to do the same. (CLICK)

Slide 16

So, let's see what's possible when you build a team... (CLICK)
As your team grows you can promote to higher ranks. And this is the third way you can earn. (CLICK)
When you promote to the first leadership position of Executive Team Leader, ETL, you will begin to earn overriding customer acquisition bonuses up to \$50 each time a new team member enrolls 3 new services in their first 30 days of business. (CLICK)

Slide 16 Cont.

As you promote to higher ranks you can earn up to as much as \$450 each time a new team member enrolls 3 new services in their first 30 days of business.
These bonuses go to unlimited levels. That's significant income as you build and grow your ACN business!
Remember, in order to earn that bonus, those people on your team had to enroll customers. What are those customers going to do every month? Pay their bills. And when they do, ACN will pay you an override of up to 4% on all of your team's customers! (CLICK)

Slide 17

Now imagine earning up to 4% on the commissionable revenue of all your team's customers.

(CLICK) In this example, you sponsored 4 team members who each enrolled customers.

Those team members want to do the same thing you did, build a team to create leverage.

(CLICK - the animation will continue as you say the rest of the dialogue),

Slide 17 Cont.

So, they sponsor a few, who sponsor a few, who sponsor a few...giving you the opportunity to earn income on the efforts of hundreds or potentially thousands of team members

Now THAT is significant income potential. (CLICK)
